

WEEKLY BULLETIN

Where learning has no limits

8th October 2018

Dear parents,

This week we say *au revoir* to our French week and *buongiorno* to Italian for our morning greeting. We are very lucky to have students excited to share their knowledge of different languages.

This Friday (12th October), we will have our Year 4 netball tournament at Holmer Green Senior School. Children will need to bring their PE kits and a plastic bag (to store wet clothes in the event of wet weather). A transparent water bottle and a packed lunch are also required.

A musical instrument project has been sent home with the children. This is a chance to build on our science topic 'sound' in a real life situation. I have explained to the children that this is a great opportunity, not only to design and build their own working instrument, but to work on problem solving skills: How can they overcome an obstacle in the design or making process?

Weekly overview

Maths

In maths we are finishing our unit on estimating and rounding and will be learning about factors and multiples. We will hopefully start our unit on multiplication by a one-digit number by the end of the week.

English

In English we will continue to work on explanation texts. We are concentrating on using technical language, present tense and auxiliary verbs. We have almost completed our own explanation text all about how sound travels! I hope that we will be moving on to poetry by the end of the week.

Homework tasks: Week 5

Monday

Spellings- Please write the 10 spelling words into sentences or a story. Please underline the spellings in the sentence. **Due Wednesday**

Daisy	Tulip	Daffodil
why	erosion	adventurous
